# Introduction

## Authority

This **financing plan** implements the improvement requirements set forth in the Pacific Highlands Ranch Subarea Plan, which was originally approved by the City Council on July 28, 1998 by Resolution R-290521 and amended on October 4, 2004 by Resolution R-299671.

On November 3, 1998, the voters of the City of San Diego passed Proposition M and subsequently approved a phase shift from the land designation of “Future Urbanizing” to “Planned Urbanizing”. However, a portion of Pacific Highlands Ranch did not seek to participate in the phase shift. This portion of the project, named **Del Mar Highlands Estates (DMHE)**, has a final map (FM 13818) that was approved in 1999.

## Update to Financing Plan

On July 5, 2006, by Resolution R-301608, the City Council adopted the Fiscal Year 2006 Pacific Highlands Ranch Public Facilities Financing Plan. On November 20, 2006, by Resolution R-302097, the City Council adopted the amendment to the Fiscal Year 2006 Pacific Highlands Ranch Public Facilities Financing Plan. This report is an update of the Financing Plan for Pacific Highlands Ranch. Future updates are anticipated to occur on an annual basis.

## Scope of Report

The Fiscal Year 2007 Pacific Highlands Ranch Financing Plan identifies the public facilities that will be needed over the next fourteen years, during which the full development of the community is expected. This report also includes the revised **Facilities Benefit Assessment (FBA)** for Pacific Highlands Ranch, as required by City Ordinance O-15318. The FBA is established to provide public facilities which will benefit the Pacific Highlands Ranch community.

(This page is intentionally left blank.)

## Facilities Benefit Assessment

### FBA Procedure

City Ordinance No. O-15318 was adopted by the City Council on August 25, 1980 to establish the procedure for implementing a Facilities Benefit Assessment (FBA). The FBA provides funding for public facilities projects that serve a designated area, also known as the **area of benefit**. The dollar amount of the assessment is based upon the collective cost of each public facility, and is equitably distributed over the area of benefit in the Pacific Highlands Ranch community planning area. For more information on the area of benefit, see Areas of Benefit and Projected Land Uses beginning on page 5.

### Methodology of the FBA

The methodology of the FBA is as follows:

- 1) An **FBA Assessment Numerical List** (Assessment List) is prepared for Pacific Highlands Ranch where each remaining, unimproved parcel or approved map unit in the area of benefit is apportioned its share of the total assessment according to the size and anticipated use of the property. Refer to page 225 for more information on the FBA Assessment Numerical List.
- 2) Liens are placed on the undeveloped or under-developed portions of the assessed parcels and final map properties within the area of benefit. The liens are filed without a specific assessment amount since the owner or developer is responsible to pay only the assessment that applies to the type and amount of development that actually occurs.
- 3) At the time of building permit issuance, the owner of the parcel being developed is assessed a fee that is determined by the type and size of the permitted development according to the FBA Assessment Schedule that is in effect at the time the permit is obtained. Owners/developers are not permitted to pay liens in advance of obtaining building permits for development. FBA fees are paid directly to the Development Services Department at the time of building permit issuance.
- 4) Fees are collected, placed into a City interest bearing revenue account, and used within the area of benefit solely for those capital improvements and administrative costs identified in the Pacific Highlands Ranch Public Facilities Financing Plan.

## Timing and Cost of Facilities

The public facilities projects to be financed by the Pacific Highlands Ranch FBA funds are shown in Table 9, beginning on page 33. Included in the table are:

- Project title
- Fiscal year in which construction of the project is expected
- Estimated project costs
- Funding sources

Project categories include transportation improvements; water and sewer lines; neighborhood parks and recreation; police; fire; and libraries. Detailed descriptions of the facility projects, which are listed in Table 9, can be found on the project sheets beginning on page 39. The FBA also funds the administrative costs associated with the development, implementation, and operation of the FBA program.

## Expenditures

The following are three types of expenditures that may be applied against the FBA fund:

- 1) **Direct payments** for facility costs, including administration of the FBA fund;
- 2) **Credits** to developers for facilities provided in accordance with Section 61.2213 of the FBA Ordinance; and
- 3) **Cash reimbursement** to developers for providing facilities exceeding the cost of their FBA obligation pursuant to an approved reimbursement agreement.

Therefore, whether a developer or the FBA fund provides a facility, direct payments, credits, or cash reimbursements are all treated as an expense to the FBA fund.

## Areas of Benefit and Projected Land Uses

### Two Tiers of Benefit

The City Council initiates proceedings for the designation of an area of benefit by adopting a **Resolution of Intention**. The undeveloped land areas that are within the community boundary of Pacific Highlands Ranch are known as the area of benefit. A Facilities Benefit Assessment is applied to the residential, non-residential, and various other land use combinations of undeveloped property. Figure 1, on page 9, shows the community boundary and locations of the Pacific Highlands Ranch Facilities Benefit Assessment Districts or areas of benefit.

A portion of Pacific Highlands Ranch, known as **Del Mar Highlands Estates**, did not seek to change its land designation from “Future Urbanizing” to “Planned Urbanizing”. Property owners in Del Mar Highlands Estates are not subject to the Transportation Phasing Plan since they did not participate in the phase shift. For further explanation of the Transportation Phasing Plan refer to page 19. For a complete text of the Transportation Phasing plan refer to page 215 in the Appendix.

A separate area of benefit and Facilities Benefit Assessment category has been established for Del Mar Highlands Estates (DMHE) and is included in this Financing Plan. All property within Pacific Highlands Ranch with the exception of Del Mar Highlands Estates is included in Area of Benefit No. 1. Del Mar Highlands Estates makes up Area of Benefit No. 2. Both Areas of Benefit are shown in Figure 1, page 9.

Since 1999, Del Mar Highlands Estates has had an approved final map (FM 13818). The Del Mar Highlands Estates development does not gain its vehicular access from the transportation projects being financed by this FBA with only the following exceptions:

- El Camino Real Widening (Half Mile Dr. to San Dieguito Rd.); T-12.2
- El Camino Real Widening (San Dieguito Road to Via de la Valle); T-12.3
- Via de la Valle (Four Lanes); T-13

The developer of that portion of the project known as Del Mar Highlands Estates, pursuant to the conditions of the map, has an obligation to contribute funds toward the cost to construct these offsite facilities located in Subarea II. The improvement requirements are estimated to cost more than \$1,790,000 and are reflected in the CIP project sheets T-12.2, T12.3, and T-13. This obligation equates to approximately \$10,400 per dwelling unit. Pardee Homes issued Letters of Credit on July 22, 1999, which are on file with the City of San Diego totaling \$1,790,407.

Because Del Mar Highlands Estates is paying for its access improvements separately, it will not be obligated to pay FBA fees for certain remaining roadway

projects included in the FBA, through which it does not obtain access. Those projects include, but are not limited to:

- Del Mar Heights Road; T-3.1, T-3.2 and T-3.3
- Carmel Valley Road; T-4.1, T-4.2, T-4.3, and T-4.4
- Village Loop Road; T-6
- Traffic Signals; T-7
- Black Mountain Road; T-11.1 and T-11.2

With the exception of the transportation projects mentioned above, property owners developing residential units in Area of Benefit No. 2, Del Mar Highlands Estates, will be contributing their fair share to the cost of all other FBA-funded projects included in this financing plan. The fair share portion for development in Del Mar Highlands Estates is consistent with all other residential dwelling units in Pacific Highlands Ranch.

The location and extent of the area of benefit is determined by referencing the County Assessor parcel maps, current tentative subdivision maps, and from information supplied by affected property owners. This information, along with land use designations and assessment payment history, provides the data for the Inventory of Land Use Table shown on page 7.

## **Projected Land Use**

### **Residential**

The anticipated residential development for Pacific Highlands Ranch is estimated at 5,182 dwelling units. A list of the types and amount of planned residential development can be found in Table 1.

### **Non-residential**

The anticipated non-residential development for Pacific Highlands Ranch is estimated to be 101.93 acres and consists of the village (commercial), institutional (private school), and an employment center. A list of the types and amount of planned non-residential development can be found in Table 1.

Currently, FBA fees are expected to be paid on a gross acre basis for the village (commercial), industrial, and employment center properties. In the event that a landowner desires to proceed with development of a portion of the landowner's property based on a phased development program, which is subject to a lien for the total amount of FBA as provided in Section 61.2210 of the Municipal Code, the landowner may obtain building permits for the development phase after paying a portion of the FBA and making provision for payment of the remainder of the FBA to the satisfaction of the Mayor.

## Assessments

### Assessment Methodology – EDU Ratios

An **Equivalent Dwelling Unit** or **EDU** ratio has been established for the purpose of spreading the cost of public facilities between the different land use classifications. Equivalent Dwelling Unit ratios have been calculated for each category of facility to be constructed under the FBA because the relationship between land use and the degree of benefit from different public facilities can vary substantially. The single-family dwelling unit (SFDU) is the foundation for all other EDU ratios. Other land use classifications are assigned an EDU ratio per dwelling unit or acre, proportionate to the respective benefit.

Table 2 provides the EDU ratios used to prepare the Pacific Highlands Ranch Facilities Benefit Assessment.

### Assessment Numerical List Description

For each undeveloped map portion or parcel in the Area of Benefit, the Assessment Numerical List includes:

- Parcel number
- Name and address of the owner (according to the County Assessor's records)

- Number of dwelling units or non-residential acres to be developed (highest and “best use” scenario)
- Assessment amount for each parcel.

Identification numbers in the Assessment List may be non-sequential as a result of some parcels having been omitted after assessments are paid, as ownership changes, or as parcels are subdivided. Information on ownership is listed according to the County Assessor’s records at the time the Assessment List is prepared, as shown on the last equalized Assessment List, or as otherwise known to the City Clerk; or by any other means which the City Council finds reasonably calculated to apprise affected landowners (Section 61.2205). The current Assessment Listing is shown in the Appendix of this financing plan and begins on page 225. A legend, or key, for understanding the Assessment Listing is included.

A **Resolution of Designation**, when adopted by the City Council, imposes the Facilities Benefit Assessment in the form of a lien that is placed upon the undeveloped or under-developed portions of the County Assessor parcels and final map properties within the area of benefit. The assessments are based upon the type and size of forecasted land use of the highest and “best use” scenario.

The maps, plats, and summary of the Assessment List, all of which define the area of benefit, will be delivered to the County Recorder for official recording once the updated Public Facilities Financing Plan is approved by the City Council. Collection of the FBA is to occur at the time of building permit issuance at the Development Services Department.

## **Determination of Assessment Rates**

Assessments are calculated and levied against each undeveloped or under-developed parcel based upon the type and size of development which is expected to occur within the area of benefit. The amount of the Facilities Benefit Assessment (FBA) is determined by using the following information:

- Development schedule (in dwelling units and acres)
- Composite EDU ratios for each land use designation
- Schedule of facility expenditures (FY 2008 dollars) to be financed with monies from the FBA fund
- Annual interest rate of 3% (applied to the fund balance) in FY 2008, 2009, and 2010; 4% during years beyond FY 2010
- Annual inflation rate of 7% for FY 2008, 2009 and 2010; 5% during years beyond FY 2010 (to anticipate the future costs of facilities that will be constructed)
- At the beginning of each fiscal year (July 1<sup>st</sup>), unpaid assessments are increased by the inflation factor.

An individual developer will pay an assessment to the FBA fund, based upon the number of units, or acres developed in a particular year. Pursuant to the terms of a reimbursement agreement with the City, a developer may be issued credits against an assessment for expenditures related to providing facilities in lieu of paying a Facilities Benefit Assessment. An approved reimbursement agreement with the City may also entitle a developer to cash from the FBA fund.

An **assessment rate** is calculated to provide sufficient money to meet the scheduled, direct payments for facilities provided by the FBA fund. The base deposit rate also considers the timing of credits and reimbursements to be paid to developers for FBA funded facilities. Table 3 lists the FY 2008 Facilities Benefit Assessment base deposit rate for Pacific Highlands Ranch.

**Table 3      FY 2008 Assessment Rate**

<b>LAND USE</b>	<b>ASSESSMENT per UNIT/ACRE in FY 2008 DOLLARS</b>
<b>SINGLE FAMILY UNITS</b>	\$69,118
<b>MULTI-FAMILY UNITS</b>	\$48,384
<b>DEL MAR HIGHLAND ESTATES</b>	\$47,002
<b>VILLAGE ACRES</b>	\$557,652
<b>INSTITUTIONAL ACRES</b>	\$198,273
<b>EMPLOYMENT CENTER ACRES</b>	\$371,765

## **Automatic Annual Increases**

Facilities Benefit Assessments are evaluated annually and adjusted accordingly to reflect the current economic conditions. In FY 2009 and 2010, the proposed increase reflects an inflation factor of 7%, while the proposed assessments for years beyond FY 2010 reflect a 5% annual increase. An **inflation factor** is used to provide automatic annual increases in the assessment rate and will be effective at the beginning of each fiscal year (July 1<sup>st</sup>). The automatic increase provision is effective only until such time as the next annual adjustment is authorized by the City Council. Thereafter, the subsequent Council-approved annual adjustment will prevail.

Assessments are calculated and levied against each undeveloped or under-developed parcel based upon the type and size of development, which is expected to occur within the Area of Benefit. The Pacific Highlands Ranch FBA Schedule in Table 4, page 14, shows the projected rate of assessment for each category of land use during each year of community development. For example, the assessment for a single-family dwelling unit developed during FY 2008 is

\$69,118. For the same period, each multi-family unit is to be assessed \$48,384, while each Del Mar Highlands Estate is assessed \$47,002. The commercial or village assessment is \$557,652 per acre, while each institutional acre is \$198,273. Finally, in FY 2008, the employment center assessment is \$371,765 per acre.

## Cash Flow Analysis

The Pacific Highlands Ranch Cash Flow, Table 7, page 17, presents an analysis of the Pacific Highlands Ranch FBA. For each fiscal year during the development of the community, the cash flow shows the difference between anticipated FBA revenues (including earned interest) and the expected capital improvement expenditures. Interest earnings are compounded for cash on hand and based on an estimated 2% annual return during FY 2007, 2008 and 2009, then 4% thereafter.

The City of San Diego considers historic data while predicting the effect of inflation on construction projects. The Los Angeles/San Diego **Construction Cost Index (CCI)** and the **Consumer Price Index (CPI)** for San Diego are the two indices used by the City while conducting a cash flow analysis. The historical information associated with the Los Angeles/San Diego Construction Cost Index and the Consumer Price Index for San Diego is shown in Tables 5 and 6 on page 15.

Since needed facilities are directly related to the community's growth rate, construction schedules of facilities are contingent upon the actual development within the community. Therefore, any slowdown in community development will require a modification to facility schedules and a new cash flow will be prepared.

## Public Facilities Financing Plan

### Purpose

The **Public Facilities Financing Plan** is prepared to ensure that all owners of undeveloped property will pay their fair share of the funding required to finance the community's needed public facilities. The financing plan applies to all property owners seeking to develop property, even if the subject property has an approved tentative or final map detailing its development. The Public Facilities Financing Plan includes the following:

- Development forecast and analysis
- Capital Improvement Program
- Fee schedule for a Facilities Benefit Assessment.

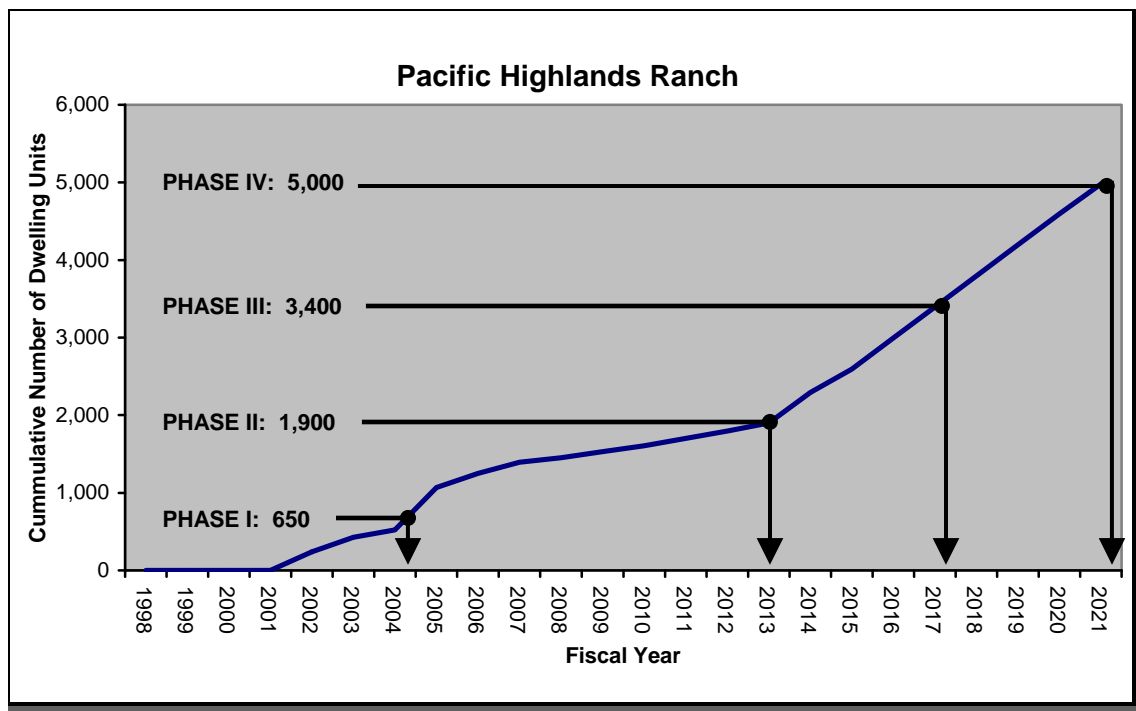

This report will update the Public Facilities Financing Plan (Financing Plan) and the Facilities Benefit Assessment (FBA) for the development that is planned to occur in the community planning area known as Pacific Highlands Ranch.

### Transportation Phasing Plan

Pacific Highlands Ranch is being developed in conjunction with an adopted Transportation Phasing Plan. The **Transportation Phasing Plan**, shown in the Appendix on page 215, provides a complete list of the required transportation projects. For a more detailed description of the scope of work, estimated timing as to when construction will occur, and anticipated sources of funding for each of the projects in the Transportation Phasing Plan, refer to the Capital Improvement Project sheets beginning on page 39. The Transportation Phasing Plan limits the issuance of building permits in Pacific Highlands Ranch until the listed improvements have been constructed. The limitations of the Transportation Phasing Plan are established in the form of threshold conditions, which must be met before development in Pacific Highlands Ranch is allowed to continue. Chart 1, on page 20, illustrates the timing of the four thresholds based upon the current development schedule.

At the time of this update, the most significant transportation improvement to impact the development forecast is the construction of the I-5/SR-56 Freeway Connectors, project T-1.5. The Transportation Phasing Plan requires Phase Two development of Pacific Highlands Ranch to be held at 1,900 dwelling units (within the phase shift area) until the I-5/SR-56 Freeway Connector project is constructed. According to the latest development schedule projections, the Pacific Highlands Ranch community should reach 1,900 units during fiscal year 2013. A pause in the development of Pacific Highlands Ranch is not expected, but may occur if the 1,900 dwelling unit threshold is reached prior to the completion of the I-5/SR-56 Freeway Connectors.

**Chart 1      Transportation Phasing Plan Threshold Projections**

## Development Forecast and Analysis

The development projection for Pacific Highlands Ranch is based upon the best estimates of the existing property owners, their land use consultants, and City staff. Certain economic factors could adversely affect these development projections. Higher interest rates, higher land and housing prices, an economic recession, and issues involving the thresholds of the Transportation Phasing Plan could slow or halt the development rate of Pacific Highlands Ranch. Conversely, a period of robust business expansion could significantly increase the rate of development. Indications are that the remaining development of Pacific Highlands Ranch will take place over a fourteen-year period.

The current development schedule assumes that the required I-5/SR-56 Freeway Connector project will not be provided by the time the 1,900 dwelling unit threshold is reached. A brief pause in the development is assumed in the projected development schedule presented in Table 8 on page 21. Future updates of this financing plan may extend the period of paused development as the timing for the completion of the project is re-evaluated.

In the development schedule, the number of units developed within a year refers to those applications having been issued building permits during the July-to-June fiscal year. Therefore, the development shown in FY 2006 refers to those units for which building permits were issued, with fees paid, between July 1, 2005 and June 30, 2006. Development in Pacific Highlands Ranch is projected to reach

1,900 dwelling units by the end of Fiscal Year 2013 as indicated in the table by the line ( ——— ).

Since needed facilities are directly related to the community growth rate, construction schedules for facilities are contingent upon the actual development within the community. Therefore, any slowdown in the rate of community development will require a modification of the schedule for providing needed public facilities.

(1) This is a community-wide development schedule and includes dwelling units outside of the phase shift area.

(2) Development figures are based upon estimates for FY 2007 and beyond.

## Residential

The anticipated residential development for Pacific Highlands Ranch is estimated at 5,182 dwelling units. A list of the types and amount of all planned residential development can be found in Table 1 on page 7.

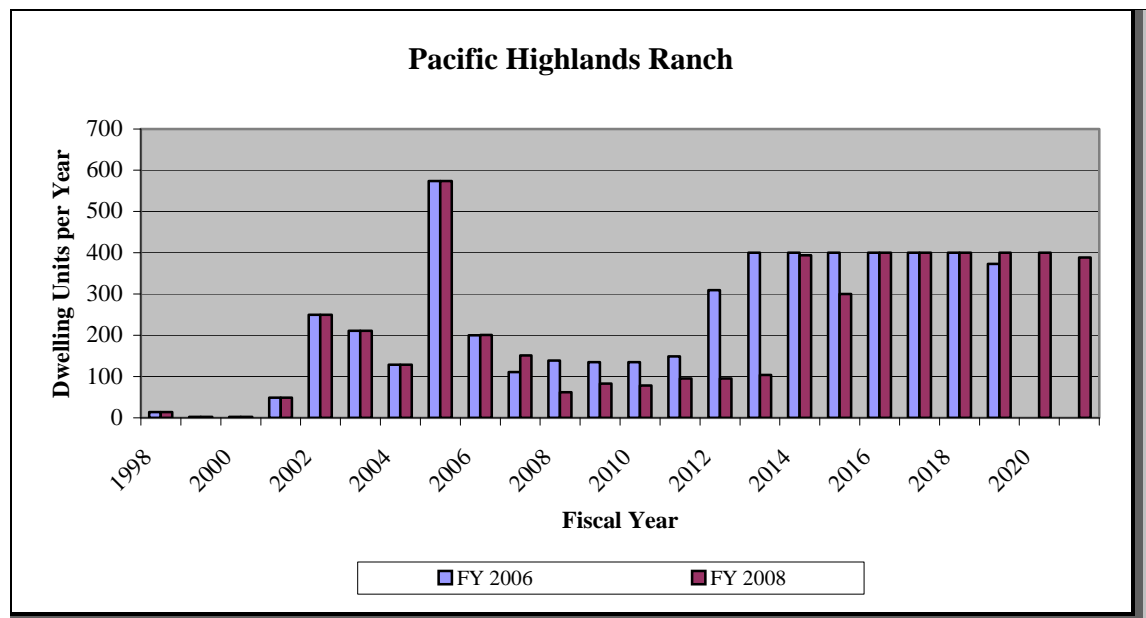

## Non-residential

In the FY 2006 Financing Plan, the anticipated non-residential development for Pacific Highlands Ranch was estimated to be 102 acres. A list of the types and amount of all planned non-residential development can be found in Table 1, page 7.

## Annual Absorption Rate

In the FY 2006 financing plan, projected residential development was expected to have peaked at 574 dwelling units per year during FY 2005. A secondary peak of 400 dwelling units per year is expected after the transportation phasing plan requirements have been met. Below, Chart 2 illustrates how the anticipated annual absorption rate for residential development in Pacific Highlands Ranch has changed from the FY 2006 plan to this update in FY 2008. A list of the types and amount of the planned residential development can be found in Table 1, page 7.

**Chart 2 Comparisons of Absorption Rates**

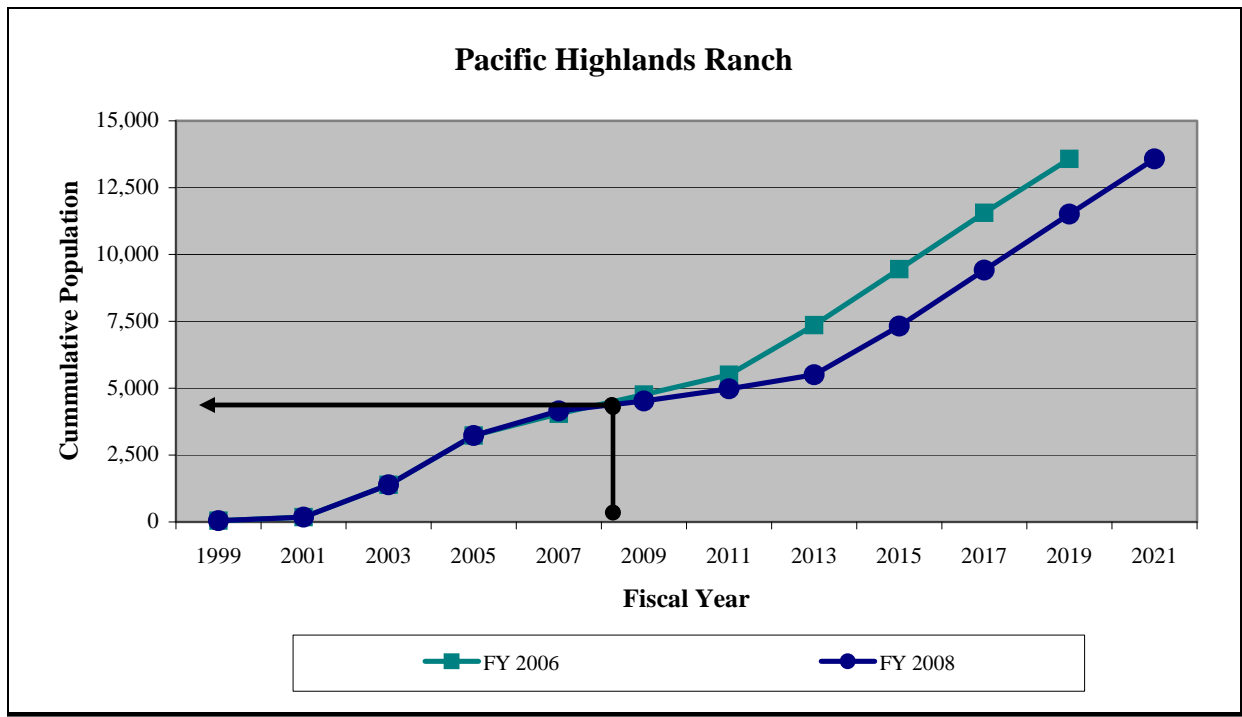

## Population Estimates

Previous editions of the Pacific Highlands Ranch Financing Plan based population estimates on a factor of 2.62 persons per household. This factor is consistent with the Framework Plan for the North City Future Urbanizing Area. No change to this methodology is proposed as part of this update.

Using the population factor described above, the population of Pacific Highlands Ranch, at build out, is projected to be 13,577. Below, Chart 3 illustrates a comparison of the projected population growth rate of the FY 2006 and this FY 2008 update to the Public Facilities Financing Plan.

The 1,900 dwelling unit threshold of the Transportation Phasing Plan is expected to impact the development schedule and the projected population growth rate of Pacific Highlands Ranch. At the time of this update it is expected that Pacific Highlands Ranch will hold at a population of 5,500 people until the I-5/SR-56 Freeway Connector project is constructed. The period of time in which the Transportation Phasing Plan holds development in Pacific Highlands Ranch may change with future updates of this financing plan.

**Chart 3 Projected Population Growths**

## Capital Improvement Program

### Future Public Facility Needs

In order to better serve the Pacific Highlands Ranch community, public facilities are needed in a number of project categories. Those categories include:

- Transportation
- Parks and Recreation
- Police

- Fire
- Library
- Water/Sewer Lines (Utilities)

Project locations are depicted in Figure 2 on page 37 and summarized in Table 9 on page 33. Detailed project descriptions can be found in the Capital Improvement Program (CIP) sheets beginning on page 39. The timing associated with individual projects is also summarized in Table 9 and on the corresponding CIP project sheets. Refer to Table 8 on page 21 for the current development schedule for Pacific Highlands Ranch.

Construction schedules of facilities are contingent upon actual development within the community because needed facilities are directly related to the community's growth rate. Therefore, any slowdown in community development will require a modification to the schedule by which needed facilities are planned. The 1,900 dwelling unit threshold associated with the Transportation Phasing Plan is expected to be reached prior to the completion of the I-5/SR-56 Freeway Connector project, therefore the timing for certain population-based facilities will be impacted. The timing for those projects may be adjusted in future updates as the estimated timing for the completion of the I-5/SR-56 Freeway Connector project is closely monitored.

### **Changes to Capital Improvement Project List**

The following new project has been added to the Pacific Highlands Ranch Public Facilities Financing Plan for FY 2008:

## Fee Schedule for Facilities Benefit Assessments

### Annual Review

The FBA Ordinance in the Municipal Code (Section 61.2212) provides for an annual adjustment of Facilities Benefit Assessments. The annual review may reflect changes to any of the following:

- Rate and amount of planned development
- Actual or estimated cost of public facilities projects
- Scope of the public facilities projects
- Inflation rates
- Interest rates
- Comparative analysis of City approved discretionary permits.

### Updated Project Costs

This update includes an analysis, by each of the sponsoring City departments, of the project costs for each public facility project. The costs estimates shown in this update have been revised and consider the following:

- LEED “Silver Level” standards
- Impact of inflation
- Competitive bids on similar projects
- Modifications, if any, to the overall scope of the project.

### Fee Schedule

The Pacific Highlands Ranch FBA Schedule in Table 4, page 14, shows the rate of assessment for each category of land use during each year of community development. The FY 2008 assessment schedule is the same as projected in the FY 2006 financing plan and includes an inflationary increase of 7% over the current rate due to increased project costs and the impact of inflation. For example, the assessment for a single-family dwelling unit developed during FY 2008 is \$69,118. For the same period, each multi-family unit is to be assessed \$48,384, while each Del Mar Highlands Estate is assessed \$47,002. The commercial or village assessment is \$557,652 per acre, while each institutional acre is \$198,273. Finally, in FY 2008, the employment center assessment is \$371,765 per acre.

## Financing Strategy

For Planned Urbanizing Areas, the Progress Guide and General Plan requires that public facilities and services, including the water supply and distribution system, sanitary sewer system, drainage facilities, fire protection, schools, streets, parks, and open space be available at the time of development and be of sufficient capacity to serve the proposed development and its residents. According to Council Policy 600-28 such improvements will be furnished and financed by the

developer. As such, the developers will provide a majority of the needed public facilities for Pacific Highlands Ranch as a part of the subdivision process. Public facility projects that benefit a population larger than the local/adjacent development may be financed by using the following alternative methods:

### **Facilities Benefit Assessment (FBA)**

This method of financing fairly and equitably spreads costs while following the procedures specified in City Council Ordinance O-15318, as adopted on August 25, 1980. A Facilities Benefit Assessment results in a lien being levied on each parcel of property located within the Area of Benefit. The liens ensure that assessments will be collected on each parcel as development occurs and will be renewed annually with each update to the Financing Plan. The liens will be released following payment of the FBA.

For the current, approved schedule of Facilities Benefit Assessments by fiscal year, refer to Table 4 on page 14.

### **Development Impact Fee (DIF)**

Within urbanized communities, which are near full community development, Development Impact Fees (DIF) are collected to mitigate the impact of new development through provision of a portion of the financing needed for identified public facilities and to maintain existing levels of service for that community. Council has previously directed that Development Impact Fees, equal to the current FBA assessments, are appropriate for all properties in future urbanizing communities that have never been assessed or otherwise agreed to pay Facilities Benefit Assessments.

### **Assessment Districts**

Special assessment district financing, such as the Municipal Improvement Acts of 1913/1915, may be used as a supplementary or alternative method of financing facilities such as streets, sidewalks, sewers, water lines, storm drains, and lighting facilities. Assessment districts are beneficial in that they provide all of the funding needed for a particular public facility project in advance of the projected development activity. However, assessment districts also create a long-term encumbrance of the benefiting property and require that the funds be repaid over an extended period of time. Assessment districts also require the approval of a majority of the property owners in order to establish the district.

### **Community Facility District (CFD)**

State legislation, such as the **Mello-Roos Act of 1982**, has been enacted to provide a method of financing public facilities in new and developing areas. A Mello-Roos is also known as a **Community Facility District (CFD)**. The formation of such Community Facility Districts may be initiated by owner/developer petition. Mello-Roos districts also require approval by a two-thirds majority of the property owners in order to establish the district, as clarified by Council Policy 800-3.

## **Developer Construction**

New development either constructs required facilities as a condition of subdivision or provides funds for its fair share of the costs of such facilities, with construction being performed by the City. Typically, these funds are collected through the Facilities Benefit Assessment Program or through the Development Impact Fee program.

As an alternative to the Facilities Benefit Assessment or Development Impact Fee Programs it may be feasible for developers to construct one or more of the needed public facilities on a turn-key basis. Under this arrangement, developers typically are compensated, either by cash or credit against Facilities Benefit Assessments due, for the work performed pursuant to the conditions in a Council approved reimbursement agreement (Council Policy 800-12).

## **Reimbursement Financing for Water and Sewer Facilities**

This method of financing is outlined in Council Policy 400-7. It is commonly used when the first developer/sub-divider in an area is required to construct the necessary water and sewer facilities for an entire developing area. These agreements are approved by the City Council. Reimbursement to the first developer/sub-divider can occur over a period of time as long as 20 years or until all of the subsequently developed lands have participated in the reimbursement, whichever occurs first.

## **State/Federal Funding**

Certain public facilities may be determined to benefit a regional area that is larger than the community planning area. Such projects may be appropriately funded by either the State, Federal Government, or by a combination of the two. The first phase of State Route 56 (project T-1.1), for example, has been shown in this financing plan as having State funding.

## **Cost Reimbursement District (CRD)**

Occasionally, a developer/sub-divider is directed to construct public improvements that are more than that which is required to support its individual property/development. A **Cost Reimbursement District (CRD)** provides a mechanism by which the developer/sub-divider may be reimbursed by benefiting development which proceeds within 20 years of formation of the CRD. Reimbursement is secured by a lien on the benefiting properties with the lien due and payable only upon recordation of a final map or issuance of a building permit, whichever occurs first.

## **Development Agreement**

This method permits a developer to enter into an agreement with the City of San Diego where certain rights of development are extended to the developer in exchange for certain extraordinary benefits given to the City.

## **General Assumptions and Conditions**

In connection with the application of the above methods of financing, the following general assumptions and conditions will be applied:

1. Except for those projects that are identified as FBA funded, developers will be required to provide facilities that are normally provided within the subdivision process as a condition of tentative subdivision map approval. These projects include but are not limited to traffic signals (except as noted), local roads, and the dedication or preservation of Open Space located within the proposed development(s). A Mello-Roos 1913/1915 Act, or other type of reimbursement district, however, may fund such projects if the project(s) and applicant(s) qualify for this type of project financing.
2. Commercial, industrial, and institutional land will be assessed FBAs for infrastructure (including transportation), police, fire, and utility facilities. However, developers of commercial and industrial land will not be assessed for park and recreation or library facilities since those facilities primarily serve the residential component of the Pacific Highlands Ranch community. In the future, if a basis is developed for charging non-residential development for the cost of park and recreation and library facilities, their fair share can be evaluated at that time.
3. Annual reviews may be performed to evaluate performance of the program and to consider the continuing commitments related to the completion of needed facilities. Project costs and assessments shall be evaluated for all portions of the program.
4. The developer, or permittee, shall pay the FBA as a condition of obtaining building permits.
5. A developer, or group of developers, may propose to build or improve an FBA funded facility that is identified in the Capital Improvements Program. Upon City Council approval, the developer(s) may enter into an agreement to provide the facility in lieu of, or as credit against the payment of FBA fees, provided that adequate funds are available in the FBA fund. The amount and timing of the credit being sought by the developer(s) must coincide with the expenditure of funds depicted on the CIP sheet for the respective project. Should the approved, final cost of the facility exceed the amount of credit being sought by the developer(s), the developer(s) may be reimbursed from the FBA fund for the difference, subject to the approved reimbursement agreement and the availability of funds. If two developers are entitled to cash reimbursement during the same fiscal year, then the first agreement to be approved by the City Council shall take precedence over subsequent agreements approved by the City Council.

6. As FBA assessments are collected, they shall be placed in a City fund that provides interest earnings for the benefit of Pacific Highlands Ranch.
7. The Development Schedule, shown in Table 8 on page 21, is an estimated schedule and is based on the latest information available at the time this financing plan was adopted. Future approvals and/or modifications of precise plans and/or discretionary permit applications may either increase or decrease the extent of development proposed within Pacific Highlands Ranch.
8. Most public facilities identified in the financing plan are either “population-based” or “transportation-based”. The estimated year(s) in which funds are budgeted for a given project should not be considered as a binding commitment that the project would actually be constructed in that year. With each annual update, actual permit activity and corresponding population projections, coupled with additional traffic study information obtained since the last update, will be evaluated to determine the most appropriate year in which to budget the need for each remaining project. As such, the budgeted year for a given project is subject to change with each update to the financing plan.
9. Only those roadways that have been designed as a four-lane facility or larger have been considered in this financing plan as being funded by the FBA. All other roadways located within Pacific Highlands Ranch will be the responsibility of the developer/sub-divider and are not reflected in the FBA calculations.
10. It has been assumed that a large majority of the cost necessary to complete SR-56 will be provided from funds other than the FBA, e.g. TRANSNET, State or Federal (ISTEA) Highway funds, and/or toll road funds, etc.
11. For projects that require land acquisition in this financing plan, property value estimates assume that the property is graded, in finished pad condition, and “ready to accept” for the project for which it is intended (i.e. the value of raw land plus the cost of improvements/environmental mitigation.). The actual price paid for land within Pacific Highlands Ranch will be based upon either a price established through direct negotiations between the affected owner(s) and relevant public agency or by fair market value, as determined by an appraisal that will be prepared in accordance with standard City policy.
12. It has been assumed that all costs for open space acquisition will be provided from funds other than the FBA, i.e. subdivision requirement, off-site mitigation for a particular project, etc.
13. It is expected that all right-of-way for the major roads within the community are to be acquired via the subdivision process at no cost to the FBA. If right-of-way must be acquired by the FBA by way of

eminent domain, a cost reimbursement district, with the beneficiary being the Pacific Highlands Ranch FBA, will be processed to recover the cost of the right-of-way at such time as the property adjacent to the roadway frontage develops.

14. FBA fees shall be paid by all categories of private development, including affordable housing projects.
15. This financing plan identifies a number of public facility projects as being funded by the FBA. However, it is understood that, during the development of Pacific Highlands Ranch, alternative funding sources may be proposed in lieu of FBA funding, such as developer funds or Mello-Roos Community Facility District financing.

### **Developer Advance**

It is anticipated that a number of the projects, which have been identified as being FBA-funded, are to be constructed by developers in Pacific Highlands Ranch. Subject to the terms of a reimbursement agreement, a developer may actually start construction of a project before there are sufficient FBA funds available to provide either cash reimbursement or credit against the developer's obligation to pay FBA fees. In other words, the "need" for the project may occur before there are FBA funds available to cover the cost of the project. Additionally, a developer may have accumulated credits from one or more other FBA-funded projects such that the developer is unable to use credits as fast as they have been earned. In these cases, the CIP project sheets will show the fiscal year in which it is anticipated that the developer will advance the cost of the project, also known as a **Developer Advance** (DEV. ADVANCE).

The project sheets indicate the fiscal year in which it is anticipated that funds will be available to reimburse or when the developer would take credits against their obligation to pay FBA fees. Subject to the availability of funds, the year(s) in which reimbursement or credit for the Developer Advance occurs may be accelerated to the fiscal year in which the Developer Advance is extended.

**JUSTIFICATION:**

DUE TO THE REGIONAL SERVICING NATURE OF THIS FREEWAY, IT IS ANTICIPATED THAT FEDERAL, STATE, OR OTHER OUTSIDE FUNDING FOR THIS SEGMENT OF SR-56 WILL BE OBTAINED. IN THE ABSENCE OF THESE OTHER FUNDING SOURCES, DEVELOPMENT WITHIN THE INDIVIDUAL SUBAREAS OF THE NORTH CITY FUTURE URBANIZING AREA MAY BE REQUIRED TO FUND, OR AT LEAST ADVANCE THE COST OF THIS PROJECT.

**FUNDING ISSUES:**

THE ABOVE ALLOCATION OF COST REPRESENTS EACH SUBAREA'S FAIR SHARE, ABSENT SUFFICIENT FUNDING FROM OTHER SOURCES. THESE ALLOCATIONS MAY BE REDUCED AS OTHER SOURCES ARE IDENTIFIED. IF OUTSIDE FUNDING IS OBTAINED FOR THIS PROJECT, THEN BLACK MOUNTAIN RANCH AND PACIFIC HIGHLANDS RANCH WILL BE REIMBURSED ON A PRIORITY BASIS UNTIL ADVANCES ARE REDUCED TO A PROPORTIONATE SHARE AS CALCULATED BY A TRAFFIC LINK ANALYSIS. THE PROPORTIONATE SHARE FOR PACIFIC HIGHLANDS RANCH WOULD BE REDUCED FROM 34.0% TO 26.4%. THEREAFTER, ANY REIMBURSEMENTS WOULD BE DISTRIBUTED TO ALL SUBAREAS ON A PRORATA BASIS.

**NOTES:**

COST ALLOCATIONS ARE BASED UPON THE TOTAL COST OF PROJECT T-1.2A AND COMPANION PROJECT T-1.2B.

**PROJECT: T-1.5**  
COUNCIL DISTRICT: 1  
COMMUNITY PLAN: PHR

**DESCRIPTION:**

THIS PROJECT PROVIDES FOR THE PREPARATION OF A PROJECT REPORT AND ENVIRONMENTAL DOCUMENT (PR/ED), THE CONSTRUCTION OF NORTHERLY CONNECTIONS OF THE INTERSTATE 5 AND STATE ROUTE 56 FREEWAYS, AND OPERATIONAL IMPROVEMENTS TO STATE ROUTE 56.

**JUSTIFICATION:**

STATE ROUTE 56 OPENED TO TRAFFIC IN JULY 2004 AND PROVIDES A NEW EAST/WEST CONNECTION BETWEEN INTERSTATES 5 AND 15. THIS INTRODUCES A SIGNIFICANT NEW VOLUME OF TRAFFIC TO THE INTERSTATE 5 CORRIDOR IN CARMEL VALLEY, SOME OF WHICH WILL NEED TO GO TO OR FROM THE NORTH. THIS PROJECT WILL PROVIDE THE IMPROVEMENTS NECESSARY TO MAKE THESE MOVES MOST EFFICIENTLY AND AVOID THE HEAVY USE OF LOCAL STREETS.

**FUNDING ISSUES:**

DUE TO THE REGIONAL SERVICING NATURE OF THIS PROJECT, FUNDING FOR THIS PROJECT HAS COME FROM FEDERAL FUNDS APPROVED BY CONGRESS. IT IS ANTICIPATED THAT ADDITIONAL FEDERAL, STATE, OR OTHER OUTSIDE FUNDING WILL ALSO BE USED FOR THIS PROJECT. DEVELOPER (PARDEE) WILL ADVANCE OR OTHERWISE ASSURE THIS COMMUNITY'S SHARE OF FUNDING FOR THIS PROJECT AND BE REIMBURSED FROM THE PACIFIC HIGHLANDS RANCH FACILITIES BENEFIT ASSESSMENT UNDER THE TERMS OF A REIMBURSEMENT AGREEMENT.

**NOTES:**

SOME FUNDING FROM PACIFIC HIGHLANDS RANCH AS WELL AS OTHERS MAY BE PROVIDED AS A "LOCAL MATCH" AS AN INDUCEMENT TO OBTAIN THESE OUTSIDE FUNDS. THESE FUNDS MAY PERMIT PORTIONS OF PHASE II TO BE CONSTRUCTED IN ADVANCE OF RECEIPT OF FUNDS FROM OTHER SOURCES.

*REFERENCE:* BLACK MOUNTAIN RANCH PFFP PROJECT T-58.

**SCHEDULE:**

PREPARATION OF THE PROJECT REPORT AND ENVIRONMENTAL DOCUMENT (PR/ED) BEGAN IN FY 2004 AND IS SCHEDULED TO BE COMPLETED IN FY 2008. THE PROPOSED INTERIM IMPROVEMENTS ARE SCHEDULED TO BE CONSTRUCTED IN FY 2006. THE ULTIMATE IMPROVEMENTS ARE SCHEDULED FOR FY 2011-2013.

- DEVELOPMENT AGREEMENT BETWEEN  
THE CITY OF SAN DIEGO AND  
PARDEE CONSTRUCTION COMPANY

PACIFIC HIGHLANDS RANCH  
SUBAREA III  
NORTH CITY FUTURE URBANIZING AREA

This DEVELOPMENT AGREEMENT [Agreement] is entered into between THE CITY OF SAN DIEGO, a municipal corporation [City or Party] and PARDEE CONSTRUCTION COMPANY, a California corporation [Owner or Pardee or Party] [collectively, the Parties]. This Agreement is entered into with reference to the following facts.

RECITALS.

A. Code Authorization. City, a charter city, is authorized pursuant to Government Code Section 65864 et seq. [California Development Agreement Legislation] to enter into development agreements with persons having legal or equitable interests in real property for the purpose of establishing certainty for both City and Owner in the development process. City enters into this Agreement pursuant to the provisions of the California Development Agreement Legislation, Charter of City and its home-rule powers, City Municipal Code section 111.0901 et seq., Council Policy 600-37, the City's Progress Guide and General Plan [General Plan], and applicable City Policies. The Parties acknowledge:

(1) This Agreement is intended to assure adequate public facilities at the time of development.

(2) This Agreement is intended to assure development in accordance with City's Capital Improvement Program and City's General Plan.

(3) This Agreement is intended to provide certainty to Owner in the development approval process by vesting the permitted use(s), density and intensity of use, and the limited timing and phasing of development relating to Owner's Property, and by providing for the development of Owner's Property pursuant to the rules, regulations, policies and provisions described herein.

(4) This Agreement will permit achievement of growth management goals and objectives as reflected in City's General Plan and Council Policy No. 600-37.

(5) Owner is required by the Subarea III Plan, the PFFP, and the MEIR - Mitigation Monitoring and Reporting Program to provide certain public facilities or public improvements.

(6) This Agreement will allow City to realize extraordinary and significant financial, open space, environmental, transportation, recreational, and public facility benefits in addition to those available through the existing regulatory process.

(7) Many of the extraordinary and significant benefits are of regional significance, contribute greater benefits than City could otherwise require of Owner, and represent benefits which could not otherwise be required as part of the City's development review and approval process.

(8) Because of the nature and significance of costs associated with the dedication of real property, the financing of infrastructure for regional and community facilities, and the extraordinary and significant nature of such benefits, certainty in the development process is an absolute necessity to Owner. The phasing, timing, and development of public infrastructure necessitates a significant commitment of resources, planning, and effort by Owner for public facility financing, construction, and dedication to be successfully completed. In return for Owner's participation and commitment to these significant contributions of private resources for public purposes, City is willing to exercise its authority to enter into this Agreement and to make a commitment to Owner of increased certainty in the development process for the Project.

(9) In consideration of Owner's agreement to provide extraordinary and significant benefits, City is hereby granting Owner assurances that it can proceed with development of the Project in accordance with City's ordinances, rules and regulations, existing as of the effective date of this Agreement. Owner would not enter into this Agreement or agree to provide the public benefits and improvements described in this Agreement, if it were not for the commitment of City that the Project can be developed in accordance with the Existing Laws.

B. Owner. Owner has a legal or equitable interest in Owner's Property (identified on attached Exhibit "A") located in City and County of San Diego, California. A map depicting the location of Owner's Property is attached as Exhibit "B" to this Agreement.

C. Interest of Owner. Owner represents that it has an equitable or legal interest in Owner's Property and is authorized to enter into this Agreement.

D. Planning Commission - City Council Hearings. On June 25, 1998, the Planning Commission of City [Planning Commission], after giving notice required by law, held a public hearing to consider Owner's application for this Agreement. On July 28, 1998, the City Council, after providing notice as required by law, held a public hearing to consider Owner's application for this Agreement.

**E. Council Findings.** The City Council finds that this Agreement is consistent with City's General Plan, Council Policy 600-37, the Land Development Code, as approved by City Council Ordinance No. O-18451 on December 9, 1997 and other applicable ordinances, plans, policies and regulations of City in effect as of the date of adoption of Ordinance No. O-18571 approving this Agreement.

### 3.0 GENERAL PROVISIONS.

**3.1 Property Subject to Agreement.** The property subject to this Agreement is Owner's Property. No property shall be released from this Agreement until Owner has fully performed its obligations arising out of the Agreement or until released pursuant to provisions of Section 8.4 of this Agreement or until this Agreement is terminated pursuant to its terms.

**3.2 Term of Agreement.** The term of this Agreement shall commence on the Effective Date and shall extend for a period of twenty (20) years following the Effective Date unless this Agreement is earlier terminated, or its term modified or extended as provided in this Agreement. In addition, every approval granted for the Project other than ministerial approvals shall remain valid for a period of time equal to the term of this Agreement.

### 3.3 Assignment and Delegation.

3.3.1 Assignment of Interests. Owner may transfer or assign its interest in Owner's Property in whole or in part to any Person at any time during the term of this Agreement without the consent of City. Owner may assign or transfer all or any portion of its interest or rights under this Agreement to a Person acquiring an interest or estate in Owner's Property at any time during the term of this Agreement without the consent of City.

3.3.2 Delegation of Obligations. Owner may delegate or transfer its obligations under this Agreement to a Person acquiring an interest or estate in the Owner's Property only after receiving the prior written consent of the City Manager, which consent shall not be unreasonably withheld. When the City Manager is reasonably satisfied that the proposed transferee of the obligations is or will be financially able to fulfill the obligations of Owner under this Agreement, the City Manager shall grant written consent with respect to the portion of Owner's Property so transferred, in generally the form attached as Exhibit "J," within thirty (30) days after receipt of a written request from Owner for such consent. The City Manager may require surety bond or other security to insure performance of the assumed obligations. Within ten (10) days after receipt of Owner's written request for consent to delegate, the City Manager may request information from Owner or its transferee documenting such transferee's ability to satisfy the requirements of the foregoing sentence. The time period within which the City Manager may grant written consent (if the City Manager is reasonably satisfied) shall be extended twenty (20) days to review such documentation. Once the City Manager has consented to a transfer, delivery to and acceptance by the City Manager of an unqualified Assumption Agreement of Owner's obligations under this Agreement by such transferee shall relieve Owner of the obligations under this Agreement to the extent the obligations have been expressly assumed by the transferee. A transferee may not amend this Agreement without the written consent of the Person that, as of the effective date of this Agreement, is Owner. If a transferee defaults under this Agreement, such default shall not constitute a default by Owner of any other portion of Owner's Property hereunder and shall not entitle City to terminate or modify this Agreement with respect to such other portion of Owner's Property owned by a Person who is not in default.

3.3.3 Transfer to Public Agency. The reservation or dedication of a part or parts of Owner's Property to a public agency is not a transfer of duties and obligations hereunder to such public agency unless specifically stated to be the case in the instrument of conveyance used for such reservation or dedication, or other form of agreement with the public agency.

3.3.4 Assignee's Rights and Duties. Except as expressly limited herein, any and all approved successors and assignees of Owner shall have the same rights, benefits, duties, obligations and liabilities of Owner under this Agreement. If Owner's Property is subdivided, any subdivided parcel may be sold, mortgaged, hypothecated, assigned or transferred to a Person for development by them in accordance with the provisions of this Agreement. Owner shall remain

liable for any obligations from which Owner is not expressly released pursuant to any of the provisions of Section 3.3.

**3.4 Amendment or Cancellation of Agreement.** This Agreement may be amended from time to time or canceled by the mutual consent of City and Owner in the same manner as its adoption by an ordinance as set forth in California Government Code sections 65867 and 65868, and the San Diego Municipal Code and shall be in a form suitable for recording in the Official Records of San Diego County, California. The term "Agreement" shall include any amendment properly approved and executed. City and Owner acknowledge that the provisions of this Agreement require a close degree of cooperation between them and that minor or insubstantial changes to the Project may be required from time to time. Accordingly, changes to the Project which the City Manager determines are minor and insubstantial may be made without amending this Agreement.

**3.5 Enforcement.** Notwithstanding California Government Code section 65865.4 and San Diego Municipal Code section 111.0910, this Agreement is enforceable by City and Owner in any manner provided by law including specific performance. The remedies provided in Section 7.2 of this Agreement however, shall not include, and City shall not be liable for, any action in damages or any costs or attorney's fees resulting from any dispute, controversy, action or inaction, or any legal proceeding arising out of this Agreement.

### **3.6 Hold Harmless.**

**3.6.1** Owner shall hold City, its officers, agents, and employees harmless from liability as follows: (i) for damages, just compensation, restitution, or judicial or equitable relief arising out of claims for personal injury, and claims for property damage, which are caused by the operations of Owner, its contractors, subcontractors, agents or employees which relate to the development of Owner's Property or which are related to performance by either party of its obligations under Section 5.2 of this Agreement; and (ii) from and against any action or proceeding brought by a third party against the City to set aside, cancel, void or annul any of the following development approvals granted by the City in adopting: the General Plan/Framework Plan and Local Coastal Program amendments necessary for the approval of the Subarea III Plan; the Subarea III Plan; the rezoning of the Pardee Parcels; the MHPA Boundary Adjustments of Owner's Property; this Development Agreement or the City obligations contained in Section 5.2 of this Agreement; the PFFP, the Transportation Phasing Plan; the Phase Shift vote; discretionary permits and subdivision map(s) for Owner's Property; and the environmental documents required by CEQA for such development approvals.

**3.6.2** Owner agrees to defend City and pay all costs for the defense of City and its officers, agents and employees regarding any action or proceeding that Owner has herein agreed to hold City harmless. Owner's obligation for legal fees and costs shall be limited to the legal fees and costs of only one legal counsel other than the City Attorneys office should it elect to participate in such litigation. Owner's agreement to hold City harmless applies to any action or

proceeding herein before mentioned regardless of whether or not City prepared, supplied, or approved this Agreement; plans or specifications, or both, for Owner's Property. Owner shall have the right to select legal counsel to represent City in any such proceedings subject to City Attorney's approval. Such approval will not be unreasonably withheld.

3.6.3 City may make all reasonable decisions with respect to its representation in any legal proceeding. However, if a settlement demand is made and Owner is willing to satisfy the settlement demand and City rejects the settlement demand, Owner's indemnity obligation in such proceeding shall from that point forward not exceed the amount of the settlement demand. Owner's agreement to indemnify and hold harmless as provided in this Section 3.6 does not apply to: (i) any claim or cause of action challenging City's approvals in adopting the MSCP; or (ii) any claim challenging the Council's approval of the alignment of SR-56 which is unrelated to the Subarea III Plan or Project Entitlements.

3.7 Binding Effect of Agreement. Except to the extent otherwise provided in this Agreement, the burdens of this Agreement bind and the benefits of this Agreement inure to Owner's successors in interest.

3.8 Relationship of City and Owner. The contractual relationship between City and Owner arising out of the Agreement is one of independent contractor and not agency. This Agreement does not create any third party beneficiary rights.

#### 4.0 DEVELOPMENT OF THE PROPERTY.

4.1 Rules, Regulations, and Policies. The rules, regulations and official policies governing the Project Entitlements and development of the Project are the Existing Laws and any future rules, regulations, and policies as provided in Section 4.6 of this Agreement.

#### 4.2 Land Use Entitlements

4.2.1 Owner has the vested right, to the maximum extent allowed under California Development Agreement Legislation, except as expressly restricted in this Agreement, to complete development of the Project in accordance with the Existing Laws, subject to future rules, regulations and policies as provided in Section 4.6.

4.2.2 The Project and Project Entitlements may include the approval of vesting tentative maps pursuant to Section 66452.6 of the California Government Code. Any and all rights conferred pursuant to such vesting tentative map(s) are extended for the full term of this Agreement and shall survive any termination of this Agreement as otherwise provided under applicable law.

4.2.3 The right to regulate the rate and amount of growth is not abrogated by City. City retains the Police Power to provide for change in regulations, ordinances, policies and plans relating to moratoria, building permit allocations, timing and sequencing of development and financing and provision of adequate public facilities at the time of development. No vested rights as to any requirements in this section 4.2.3 either as to Existing Laws or future regulations, ordinances, policies and plans are conferred by this Agreement. In the exercise of its police power, the City Council shall recognize and consider the circumstances existing at the time this Agreement was authorized and shall limit its exercise of such power to matters of public health and safety. In addition, such exercise of the police power shall be by 2/3 vote of the City Council and shall be consistent with the purpose and intent of the California Development Agreement Legislation.

4.3 Construction Standards and Specifications. The construction standards and specifications for buildings, structures and necessary public improvements in the Project shall be the applicable construction standards and specifications in effect at the time any development approval is sought for the Project or any unit or structure contained within the Project.

4.4 Maximum Height and Size of Structures. The maximum height and size for all structures shall be as provided in the Existing Laws.

#### 4.5 Environmental Review.

4.5.1 Other than the mitigation measures set forth for the Project in the MEIR (and any additional future mitigation programs contemplated therein), no other mitigation measures for environmental impacts created by the Project, as presently addressed by the MEIR, are required. When City requires any additional environmental review pursuant to CEQA or Existing Laws, City may impose additional mitigation measures to mitigate, as permitted by law, the adverse environmental impacts of such discretionary approvals.

4.5.2 City acknowledges that the Transportation Analysis has analyzed the traffic projected to be generated from Subarea III, as presented in the Subarea III Plan, and, in accordance with all applicable legal requirements, including, without limitation, the City of San Diego Traffic Impact Study Manual Guidelines [the Guidelines], a total of 5,182 dwelling units, 300,000 square feet commercial, 300,000 square feet industrial may be built without the necessity of preparing a new Transportation Analysis. Additional transportation analyses may be required by City with respect to implementation of the Subarea III Plan for specific site areas.

For purposes of this Section and any future traffic analysis under this Agreement, calculation of the peak hour trips shall be based upon the trip generation rates set forth in the Transportation Analysis and MEIR (or trip generation rates in effect at that time for land uses not described in the Transportation Analysis and MEIR).

**4.6 Discretionary Approvals.** Except as provided in Section 4.2, this Agreement does not prevent the City, when considering requests for discretionary approvals subsequent to the Effective Date, from applying new rules, regulations, and policies which are applicable to Owner's Property, including, but not limited to, changes in the General Plan, or changes in subdivision and/or building regulations, nor does this Agreement prevent the City from denying or conditionally approving any subsequent applications for land use entitlements based on such new rules, regulations and/or policies; provided, however, that such new rules, regulations, and official policies (i) are not in conflict with the Existing Laws; (ii) are of general application within the City; (iii) are not imposed solely with respect to Owner's Property; and (iv) do not prevent development of the Project for the uses and to the density or intensity of development provided for in this Agreement. In addition, this Agreement shall not prevent the City from exercising its police power to protect the health and safety of the public. This police power, exercised in accordance with Section 4.2.3 of this Agreement, is paramount to any rights or obligations created or existing between the Parties.

**4.7 Processing Fees.** All fees and charges intended to cover City costs associated with processing development applications for the Project including but not limited to fees and charges for application processing, inspections (including any administrative costs incurred in connection with review pursuant to Section 6 below), plan review, plan processing, and/or environmental review, which are existing, revised, or adopted during the term of this Agreement, shall apply to the development of the Project, provided, however, that such fees or charges are in force and effect on a City-wide basis at the time of application.

**4.8 Amendments to Facility Financing Plans.** This Agreement does not preclude the inclusion of and changes to the PFFP adopted on a community or City-wide basis where the inclusion or change is caused by (i) inflation, (ii) later, more accurate cost estimation; or (iii) later commonly accepted higher standards of construction; or is to address Pacific Highlands Ranch community facility deficiencies arising from and attributable to unforeseen circumstances in the development of the Project.

**4.9 Transportation Phasing.** Nothing contained in the Transportation Phasing Plan precludes Owner from filing and processing subdivision maps for purposes of dividing Owner's Property into various sized parcels in order to facilitate the financing or development of the property provided the City Engineer determines the map to be in substantial conformance with the Project Entitlements. The City Engineer may condition the filing of any such maps to provide for orderly development and protect the interests of the public and purchasers of the individual parcels.

**4.10 Future Approvals.** To the extent that Owner provides complete, accurate applications with appropriate and necessary technical standards and reports, including, but not limited to, environmental analysis, the City shall use its best good faith efforts to process and take final action on Owner's completed applications for future land use permits and approvals in a timely manner.

**4.11 Moratoriums.** Moratoriums enacted by the City for the public health and safety which are imposed on Owner's Property or Project shall toll the time periods set forth in this Agreement.

**4.12 Progress Reports Until Construction of Project is Complete.** Owner shall make reports of the progress of construction of public facilities undertaken by Owner described in this Agreement in such detail and at such time as the City Manager or City Engineer reasonably requests.

**4.13 City to Receive Construction Contract Documents.** Owner shall furnish City, upon written request, copies of any public improvement construction contracts and supporting documents relating to Owner's Property.

**4.14 Conditions of Discretionary Approvals.** The requirements imposed as conditions of any discretionary approval received through the City's existing regulatory process are governed by the terms of those approvals except to the extent this Agreement expressly modifies or limits such conditions. Such conditions are not affected by the termination, cancellation, rescission, revocation, default or expiration of this Agreement.

**4.15 Changes in Federal and State Law.** Owner's Property may be subject to subsequently enacted state or federal laws or regulations which preempt local regulations, or mandate the adoption of local regulations, in conflict with this Agreement. Upon discovery of a subsequently enacted federal or state law affecting implementation of the Project, City and Owner shall meet and confer in good faith in a reasonable attempt to modify this Agreement, as necessary, to fully comply with such federal or state law or regulation. In such negotiations, City and Owner shall cooperate to resolve the conflict, while preserving the terms of this Agreement and the rights of Owner as derived from this Agreement to the maximum feasible extent. City shall limit imposition of new or additional requirements to the project to those necessary to establish full compliance with the change in state or federal law.

**4.16 Credits & Reimbursements.**

**4.16.1** If City requests and Owner either advances funds for or constructs public facilities beyond those based upon a need created by the development of Owner's Property, Owner may seek reimbursement from developers or property owners benefitted by the advancement or construction. Owner is not entitled to seek reimbursement for the items of extraordinary benefit provided in Sections 5.2.2 through 5.2.10. Owner's reimbursement for the

items of extraordinary benefit listed in Sections 5.2.1 and 5.2.11 shall be as provided in those sections.

4.16.2 Reimbursement mechanisms may include City's conditioning of project approvals of any benefitting developer or property owner, or other reimbursement mechanisms in the sole, reasonable discretion of the City Council. If Owner elects to be reimbursed from development impact fees collected from other properties located within the NCFUA, or the PFFP, reimbursement may be in the form of either cash or credit against Owner's payment of PFFP fees at the time the fees would otherwise be due and payable to City.

## 5.0 DEVELOPMENT PROGRAM.

### 5.1 Effective Date of Agreement & Provision of Extraordinary Benefit.

5.1.1 This Agreement is effective upon the Effective Date. If the Phase Shift is subsequently invalidated or nullified for any reason, this Agreement shall terminate and the Parties shall be relieved of any obligations under this Agreement; and City shall reconvey and refund any property or funds already received as extraordinary benefit under Section 5.2 except with respect to Section 5.2.3, in which case City shall be required to reimburse Pardee for the difference between the Purchase Price of \$3,000,000 and the fair market value at the time of acquisition of the property, plus interest at the same rate the City earns on pooled investments accruing from the date of acquisition to the date of invalidation of the Phase Shift. The refund of any funds received shall include interest accrued in the deposit account for the funds.

5.1.2 Owner is not required to provide any of the enumerated items of extraordinary benefit set forth in Section 5.2 except items 5.2.3 (Purchase Agreement for Police Substation Site); 5.2.5 (Conveyance of Parcels A & B); and 5.2.10 (Endowment Fund) and none of the City approvals provided in Section 5.3 are effective until the later of the following dates: (i) the date upon which every statute of limitations, applicable to any challenge of a successful phase shift, has run; (ii) the date of final resolution and conclusion of any proceedings or challenges (legal or otherwise) to a successful phase shift; or (iii) the date the conditions precedent to the ballot measure becoming effective are satisfied.

5.2 Extraordinary and Significant Public Benefits. Notwithstanding any provision in this Agreement, or of law, to the contrary, and as consideration for the Parties entering into this Agreement, Owner shall provide to City the enumerated extraordinary and significant benefits as follows:

5.2.1 Pardee will design and construct exclusive equestrian use and mixed use trails on Pardee's Parcels in Subarea III as depicted in the Subarea III Plan (approximately 6 miles) according to City's trail design standard. The trails shall be constructed in phases in connection with maps filed by Pardee. Pardee will be reimbursed from the PFFP, for its design and construction costs in constructing non-equestrian portions of the mixed-use trails only. City

shall defend and indemnify Pardee as provided in attached Exhibit "E" for design and construction of trails used by equestrians.

5.2.2. Pardee will forego receipt of payment for any amount in excess of \$6 million for dedication of SR-56 Right-of-Way upon any parcel within Subarea III controlled by Pardee at the time right of way acquisition occurs.

5.2.3. No later than 30 days after the Effective Date, Pardee will enter into a purchase agreement to sell to City a police station site with a minimum of 4.0 gross (3.5 net developable) acres in Carmel Valley, the site to be mutually agreed upon, for a purchase price of no more than three million dollars. The terms of the purchase shall be as provided in attached Exhibit "F."

5.2.4. Pardee shall contribute \$100,000.00 towards construction of a wildlife undercrossing at El Camino Real. The location of the wildlife undercrossing shall be determined by City. Pardee shall make the contribution to City no later than 30 days prior to the first scheduled City Council hearing to certify an environmental document and approve a capital improvement project which includes the undercrossing.

5.2.5 Pardee shall transfer to City, at no cost to City, fee title to Parcels A & B in Carmel Valley Neighborhood 8A exclusive of the mitigation land bank areas no later than 10 days after the Effective Date. City and Pardee shall negotiate in good faith a mitigation bank agreement consistent with NCCP Mitigation Bank guidelines to allow Pardee to establish a mitigation bank containing a total of 24 acres of mitigation credit. Specific acreages of vernal pools and Maritime Chaparral resources will be determined as part of the mitigation bank agreement. Upon entering in a mitigation bank agreement, Pardee may sell to City or third parties for use as mitigation. Pardee may sell the mitigation bank acreage for no more than \$42,000 per acre. If the Phase Shift vote is invalidated as provided in Section 5.1, City shall reconvey Parcels A & B to Pardee in an "as is" condition.

5.2.6 Pardee shall convey to City, at no cost to City, title to the MHPA designated land on Pardee's Parcels. Conveyances will occur in phases as tentative subdivision maps and related ensuing final maps are approved. Pardee shall restore 131 acres of disturbed habitat within the MHPA within the Pardee Parcels. Restoration shall commence simultaneously with the mass grading of Pardee Parcels. Restoration shall be accomplished in conformance with the Pacific Highlands Ranch Conceptual Restoration Plan (Appendix C2 of MEIR 96-7918/Sch. No. 97111077). Pursuant to NCCP Mitigation Bank Guidelines Pardee may establish a mitigation bank for the 131-acre restoration area. Mitigation Credits will be available for sale as the restored habitat achieves the minimum success criteria identified in the revegetation plans approved consistent with the Conceptual Restoration Plan. The City will accept the fee title of property included in the bank as the credits are purchased. Pardee shall maintain and manage the wildlife resources on all portions of the land contained in the mitigation bank until transferred in fee title to City.

5.2.7. Pardee waives any claims it may have against City in processing the Neighborhood 8A plans, including, but not limited to, any claim for inverse condemnation. This waiver shall cease to be effective when this Agreement is terminated in accordance with its terms.

5.2.8. Wherever the City determines fencing will not fully avoid edge effects adjacent to the MHPA adjacent to Gonzalez Canyon wildlife corridor and south to Carmel Valley, Pardee shall construct walls to manage the edge effects. A graphic depicting the general location of the walls is attached as Exhibit "G."

5.2.9 Pardee shall maintain Brush Management Zones 1 and 2 on the Pardee Parcels outside of the MHPA adjacent to Gonzalez Canyon wildlife corridor and south to Carmel Valley. A graphic depicting the brush management/MHPA buffer is attached as Exhibit "H."

5.2.10 Pardee shall contribute \$250,000 to establish an endowment fund for the maintenance of trails and habitat areas within the NCFUA and Carmel Valley within 10 days of the Effective Date.

5.2.11 Pardee shall guarantee up to \$2,000,000 to fund project reports and environmental documentation for unfinished connectors at SR-56 and I-5 and SR-56 and I-15. To accomplish this, Pardee shall, within 10 days of the Effective Date establish an escrow account in the amount of \$2,000,000 or provide some alternative form of security acceptable to the public agencies. Interest from funds deposited into the escrow account shall accrue to Pardee. Pardee shall advance funding up to the \$2,000,000 maximum to the public agency responsible for preparing the project report and environmental documentation. Pardee shall pay the funds as costs are incurred. Pardee shall be eligible for reimbursement for the advancement of funds from funded "TEA 21" funding or other appropriate non-City regional, State, or federal funding sources.

### 5.3 City's Obligations with Respect to Development Program.

5.3.1 City approves an expanded development footprint on the Pardee-owned property within Neighborhood 10 in Carmel Valley which includes an adjustment of the MHPA boundary by approximately 9.5 net developable acres in exchange for an increase in the MHPA boundary of equivalent acreage within Subarea III. A graphic depicting the general location of the boundary adjustment in Neighborhood 10 VTM is attached as Exhibit "I." In the alternative, at Owner's option, City may either (1) allow an adjustment to the existing approved subdivision maps in Neighborhood 10 to allow for an additional 72 to 74 dwelling units; or (2) provide an increase in a development footprint in some other area(s) of Pardee-owned property within Neighborhood 10, subject to adequate environmental review and concurrence with the City and Wildlife Agencies. If such adjustments result in a reduction of MHPA encroachment in

Neighborhood 10, City will be allowed to use the reduction as credit towards other MHPA encroachment by the City.

5.3.2 City approves the transfer of the underlying zone rights to 6 dwelling units in Subarea V (in addition to the transfer of 9 dwelling units previously approved) from the Deer Canyon parcel (approximately 60 acres) to the Lorenz parcel (approximately 78 acres) creating a total permissible unit count of 46 dwelling units on the Lorenz parcel. These 46 dwelling units may be transferred from the Lorenz parcel to any other approved development footprints in Subarea V upon Owner's election, provided the transfer is consistent with the Subarea V Specific Plan. City staff will cooperate with Pardee and support State or Federal funding to acquire the Deer Canyon parcel for one million dollars.

5.3.3 City approves the revision of the Neighborhood 10 Precise Plan to allow for the construction of 200 multi-family dwelling units where 98 multi-family dwelling units are currently authorized.

5.4 Subsequent Changes to Project Necessitated by Other Permitting Entities. Entities, other than City, with permit issuing or approval authority for the Project or Owner's Property cause, may require Owner to amend City granted approvals for development of Owner's Property or the Project. If this occurs, to the extent that Owner provides complete, accurate applications with appropriate and necessary technical standards and reports, including, but not limited to, environmental analysis, the City shall use its best good faith efforts to process and take final action on Owner's completed applications for future land use permits and approvals in a timely manner. If changes are approved, City shall not impose new or revised conditions, exactions, fees, or mitigation requirements except those which relate directly to the requested amendment and are proportional to any substantial new impact created by the requested amendment.

5.5 Expiration Dates of Vesting Tentative Map and Tentative Map. Pursuant to California Government Code section 66452.6, the expiration date of Owner's tentative maps or vesting tentative maps for the Project, if and when approved, are extended upon being approved, and shall remain valid until the termination date of this Agreement. Notwithstanding any condition or provision which may provide to the contrary, every approval, other than ministerial, granted for the Project is extended until the termination date of this Agreement.

5.6 Affordable Housing. Owner shall comply with City's affordable housing requirement contained in the Framework Plan and the Subarea III Plan. All tentative maps or other development permits for all Pardee parcels shall be conditioned to assure that affordable housing requirements are met prior to the recordation of the first final map or issuance of a grading permit.

5.7 Limitations. Owner acknowledges that if any third party brings a bona fide legal action challenging the validity of the SR-56 alignment approved by the City Council, resolution

of such litigation either by judgment of the court, or through negotiated settlement could require revision of the Subarea III Plan. Owner may elect to participate in such legal action. To the extent the legal action or negotiated settlement affects Owner's rights under this Agreement, City and Owner agree to cooperate in resolving the matter in an attempt to preserve the terms of this Agreement and the rights of City and Owner under this Agreement to the maximum extent feasible while resolving the litigation. If the Subarea III plan is revised as a result of such litigation, Owner may elect to either (1) proceed with vested development rights under the revised plan as provided in this Agreement or (2) terminate this Agreement. Any election to terminate shall be made in writing within 30 days of the date of the adoption of a revised Subarea III Plan. If Owner elects to terminate, Owner shall be relieved of any further obligations under this Agreement except the obligations referenced in Sections 5.2.1 [Equestrian Trails], 5.2.4 [Wildlife Undercrossing], 5.2.7 [Waiver as to Neighborhood 8A].

**5.8 Equal Employment Opportunity Program.** Owner shall not to discriminate against any employee or applicant for employment on any basis prohibited by law. Owner shall provide equal opportunity in all employment practices. In addition, to the extent applicable to this Agreement, Owner shall comply with the City's equal employment opportunity program, as that program is defined in the City Municipal Code, Chapter II, Article 2, Division 27, as of the effective date of Ordinance No. 0-18571 approving this Agreement.

## **6.0 ANNUAL REVIEW.**

**6.1 City and Owner Responsibilities.** City shall, at least every twelve (12) months during the term of this Agreement, review the extent of good faith substantial compliance by Owner with the terms of this Agreement. Pursuant to California Government Code section 65865.1, as amended, and City Municipal Code section 111.0907, Owner shall have the duty to demonstrate by substantial evidence its good faith compliance with the terms of this Agreement at the annual review.

**6.2 Review Letter.** If Owner is found to be in compliance with this Agreement after the annual review, City shall, upon written request by Owner, issue a review letter in recordable form ("Review Letter") to Owner stating that, based upon information known or made known to the City Council, the City Planning Commission, and/or the City Manager, this Agreement remains in effect and Owner is not in default. Owner may record the Letter in the Official Records of the County of San Diego.

**6.3 Failure of Periodic Review.** City's failure to review at least annually Owner's compliance with the terms and conditions of this Agreement shall not constitute or be asserted by any Person as a breach of this Agreement. If City has not completed an annual review in any twelve month period, Owner may request, in writing, a Review Letter. If City fails to provide such Review Letter or otherwise complete such annual review and notify Owner in writing of its status hereunder within thirty (30) days after Owner's written request, Owner shall be deemed to be in conformity with all requirements and terms of this Agreement as of the request date. This

does not preclude the City from issuing a Notice of Default pursuant to Section 8, if and when the City determines there has been a default under this Agreement.

## **7.0 DEFAULT.**

**7.1 Events of Default.** A default under this Agreement shall be deemed to have occurred upon the happening of one or more of the following events or conditions:

7.1.1 A warranty, representation or statement made or furnished by Owner to City is false or proves to have been false in any material respect when it was made.

7.1.2 A finding and determination made by the City Council following an annual review under the procedure provided for in California Government Code section 65865.1 that, upon the basis of substantial evidence, Owner has not substantially complied in good faith with one or more of the terms or conditions of this Agreement.

7.1.3 City arbitrarily refuses to consider requested development permits, applications, or entitlements submitted in accordance with the provisions of this Agreement.

7.1.4 Any other event, condition, act, or omission by City or Owner which materially interferes with the terms of this Agreement.

## **7.2 Procedure Upon Default.**

7.2.1 Upon the occurrence of default, the City Council or Owner may terminate this Agreement only after providing the other Party thirty (30) days' written notice specifying the nature of the alleged default and, when appropriate, the manner in which said default may be satisfactorily cured. After proper notice and expiration of said thirty (30) day cure period without cure, this Agreement may be terminated. In the event that City or Owner's default is not subject to cure within the thirty (30) day period, City or Owner shall be deemed not to remain in default in the event that City or Owner commences to cure within such thirty (30) day period and diligently prosecutes such cure to completion. Failure or delay in giving notice of any default shall not constitute a waiver of any default, nor shall it change the time of default. Notwithstanding any other provisions of this Agreement to the contrary, the non-defaulting party may formulate and propose to the defaulting party options for curing any defaults under this Agreement for which a cure is not specified in this Agreement.

7.2.2 City does not waive any claim of defect in performance by Owner if, on periodic review, City does not propose to modify or terminate this Agreement.

7.2.3 Subject to Section 9.7 of this Agreement, non-performance shall not be excused because of a failure of a third person.

7.2.4 All other remedies at law or in equity which are not inconsistent with the provisions of this Agreement are available to City and Owner to pursue in the event there is a breach.

7.3 Institution of Legal Action. In addition to any other rights or remedies, City or Owner may institute a legal action to cure, correct, or remedy any default or breach, to specifically enforce any covenants or agreements set forth in this Agreement, or to enjoin any threatened or attempted violation of this Agreement, or to obtain any remedies consistent with the purpose of this Agreement. The prevailing party in any such legal action shall be entitled to recover attorneys' fees and costs. Legal actions shall be instituted in the Superior Court of the County of San Diego, State of California, or in the Federal District Court in the Southern District of California.

## 8.0 ENCUMBRANCES AND RELEASES ON PROPERTY

8.1 Discretion to Encumber. This Agreement shall not prevent or limit Owner, in any manner, at Owner's sole discretion, from encumbering Owner's Property or any portion thereof or any improvement on Owner's Property by any mortgage, deed of trust, or other security device securing financing with respect to Owner's Property or its improvements.

8.2 Entitlement to Written Notice of Default. The mortgagee of a mortgage or beneficiary of a deed of trust encumbering Owner's Property or any part thereof and their successors and assigns shall, upon written request to City, be entitled to receive from City written notification of any default by Owner of the performance of Owner's obligations under this Agreement which has not been cured within thirty (30) days following the date of the notice of such default.

8.2.1 Notwithstanding Owner's default, this agreement shall not be terminated by City as to any mortgagee or beneficiary to whom notice is to be given and to which either of the following is true:

(a) The mortgagee or beneficiary cures any default by Owner involving the payment of money within ninety (90) days after the notice of default; provided, however, that if any such default cannot, with diligence, be cured within such ninety (90) day period, then such mortgagee/beneficiary shall have additional time as may be reasonably necessary to cure such default if such mortgagee/beneficiary commences to cure within such ninety (90) day period and thereafter diligently pursues and completes such cure.

(b) As to defaults requiring title or possession of Owner's Property or any portion thereof to effectuate a cure: (i) the mortgagee/beneficiary agrees in writing, within ninety (90) days after receipt from City of the written notice of default, to perform the proportionate share of Owner's obligations under this Agreement allocable to that part of Owner's Property in which the mortgagee/beneficiary has an interest conditioned upon such mortgagee's/beneficiary's

acquisition of Owner's Property or portion thereof by foreclosure (including a trustee sale) or by a deed in lieu of foreclosure; (ii) the mortgagee/beneficiary commences foreclosure proceedings to reacquire title to Owner's Property of applicable portion thereof within said ninety (90) days and thereafter diligently pursues such foreclosure to completion, and (iii) the mortgagee/beneficiary promptly and diligently cures such default after obtaining title or possession. Subject to the foregoing, in the event any mortgagee/beneficiary records a notice of default as to its mortgage or deed of trust, City shall consent to the assignment of all of Owner's rights and obligations under this Agreement to the mortgagee/beneficiary or to any purchaser of Owner's interest at a foreclosure or trustee sale and Owner shall remain liable for such obligations unless released by City or unless the applicable portion of Owner's Property is transferred in accordance with Section 3.3 of this Agreement.

8.2.2 Notwithstanding Section 8.2.1 of this Agreement, if any mortgagee/beneficiary is prohibited from commencing or prosecuting foreclosure or other appropriate proceedings including by any process of injunction issued by any court or by reason of any action by any court having jurisdiction of any bankruptcy or insolvency proceedings involving Owner, the times specified in Section 8.2.1 of this Agreement for commencing or prosecuting foreclosure or other proceedings shall be extended for the period of the prohibition.

8.2.3 Neither entering into this Agreement nor a breach of this Agreement shall defeat, render invalid, diminish or impair the lien of any existing or future mortgage or deed of trust on Owner's Property made in good faith and for value.

8.3 Mortgagee Not Obligated. Except as provided to the contrary in this Agreement, no mortgagee or beneficiary shall have an obligation or duty under this Agreement to perform the obligations of Owner or other affirmative covenants of Owner hereunder, or to guarantee such performance, and no mortgagee or beneficiary shall be liable for any defaults or monetary obligations of Owner arising prior to acquisition of title to Owner's Property by such mortgagee or beneficiary or their respective successors or assigns; except that, to the extent any covenant to be performed by Owner is a condition to the performance of a covenant by City, the performance thereof shall continue to be a condition precedent to City's performance hereunder. In the event a mortgagee or beneficiary elects to develop Owner's Property in accordance with the Development Plan, the mortgagee or beneficiary shall be required to assume and perform the obligations or other affirmative covenants of Owner under this Agreement.

8.4 Releases. City agrees that upon written request of Owner and payment of all fees and performance of the requirements and conditions required of Owner by this Agreement with respect to Owner's Property, or any portion thereof, City Manager shall execute and deliver to Owner appropriate release(s) of further obligations imposed by this Agreement in form and substance acceptable to the San Diego County Recorder or as otherwise may be necessary to effect the release. City Manager shall not unreasonably withhold approval of such release(s).

**8.5 Termination of Agreement With Respect to Individual Residential Lots Upon Sale to Public.** Notwithstanding any other provisions of this Agreement, this Agreement shall terminate with respect to any residential lot and such lot shall be released and no longer be subject to this Agreement without execution or recordation of any further document when the lot has been subdivided and title conveyed to the lot's ultimate user.

## **9.0 MISCELLANEOUS PROVISIONS.**

**9.1 Rules of Construction.** The singular includes the plural; the masculine gender includes the feminine; "shall" is mandatory; "may" is permissive. If there is more than one signatory to this Agreement, their obligations are joint and several.

**9.2 Development Plan as a Private Undertaking.** It is specifically understood by City and Owner that (i) the Development Plan is a private development; (ii) City has no interest in or responsibilities for or duty to third parties concerning any improvements to Owner's Property until City accepts the improvements pursuant to the provisions of this Agreement or in connection with subdivision map approvals; and (iii) Owner shall have the full power and exclusive control of Owner's Property subject to the obligations of Owner set forth in this Agreement.

**9.3 Captions.** The captions of this Agreement are for convenience and reference only and shall not define, explain, modify, construe, limit, amplify, or aid in the interpretation, construction, or meaning of any of the provisions of this Agreement.

**9.4 Consent.** Where the consent or approval of City or Owner is required or necessary under this Agreement, the consent or approval shall not be unreasonably withheld, delayed, or conditioned.

**9.5 Covenant of Cooperation.** City and Owner shall cooperate and deal with each other in good faith, and assist each other in the performance of the provisions of this Agreement.

**9.6 Recording.** The City Clerk shall cause a copy of this Agreement to be recorded with the Office of the County Recorder of San Diego County, California, within ten (10) days following final execution of this Agreement.

**9.7 Delay, Extension of Time for Performance.** In addition to any specific provision of this Agreement, performance by either party of its obligations hereunder shall be excused and the term of this Agreement extended during any period of delay caused at any time by reason of acts of God, or Civil proceedings, riots, strikes, or damage to work in process by reason of fire, floods, earthquake, or other such casualties. Each party shall promptly notify the other party of any delay hereunder as soon as possible after the delay is determined. This section does not apply to circumstances that could have been prevented by the exercise of prudence, diligence and due

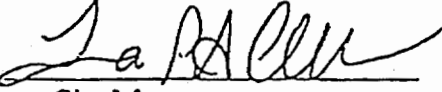

care. The term of this Agreement shall be extended by the period of time that Owner is actually delayed as a result of such cause.

**9.8 Interpretation and Governing Law.** This Agreement and any dispute arising hereunder shall be governed and interpreted in accordance with the laws of the State of California.

**9.9 Time of Essence.** Time is of the essence in the performance of the provisions of this Agreement as to which time is an element.

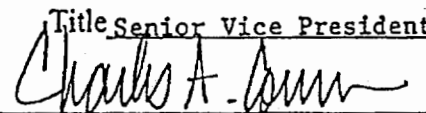

This Agreement has been executed by the City of San Diego, acting by and through its City Manager, pursuant to Ordinance No. O- 18571, authorizing such execution, and by Owner.

Buyer has the legal right, power and authority to enter into this Agreement and to consummate the transactions contemplated hereby, and the execution, delivery and performance of this Agreement have been duly authorized and no other action by Buyer is requisite to the valid and binding execution, delivery and performance of this Agreement, except as otherwise expressly set forth in this Agreement.

13.2 "AS-IS" Nature of Sale. Buyer acknowledges and agrees that except as set forth herein, Seller has not made, does not make and specifically negates and disclaims any representations, warranties, or guarantees of any kind or character whatsoever, whether express or implied, oral or written, past, present or future, of, as to, concerning or with respect to (i) the value, nature, quality of condition of the Property, including, without limitation, the water, soil and geology, (ii) the suitability of the Property for any and all activities and uses which Buyer may conduct thereon; (iii) the compliance of or by the Property or its operation with any laws, rules, ordinances or regulations of any applicable governmental authority or body; (iv) the habitability, merchantability, marketability, profitability or fitness for a particular purpose of the Property; (v) the manner, quality, state of repair or lack of repair of the Property; or (vi) any other matter with respect to the Property, and specifically (except as set forth herein) that Seller has not made, does not make, and specifically disclaims any representations regarding compliance with any environmental protection, pollution or land use laws, rules, regulations, orders or requirements, including solid waste, as defined by the U.S. Environmental Protection Agency regulations at 40 C.F.R., Part 261, or the disposal or existence, in or on the Property, of any hazardous substance, as defined by the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended, and regulations promulgated thereunder. The substances, wastes and materials which are regulated by the foregoing laws or any other state and/or federal laws are herein referred to as "Hazardous Materials.") Buyer further acknowledges and agrees that any information provided or to be provided by or on behalf of Seller with respect to the Property was obtained from a variety of sources and that Seller has not made any independent investigation or verification of such information and makes no representations as to the accuracy or completeness of such information. 14. Representations and Warranties Survive. The representations and warranties of Buyer and Seller set forth in this Agreement shall be true on and as of the Close of Escrow and shall survive the closing.

15. Legal Description Amendment. Buyer and Seller acknowledge that the legal description of the Property is based on information used to identify generally the Property within the Property. Although such legal description is fairly accurate, it is not precise, thus it is expected that more detailed information may be used to delineate the Property on a tentative map submitted to the City in the future in conjunction with development applications. Therefore, this Agreement does not preclude, and contemplates that the Parties will amend the legal description, attached as Exhibit "D" hereto, upon the recording of a final map approved by the City.

16. Damage or Condemnation Prior to Closing. Seller shall promptly notify Buyer of any material casualty to the Property or any condemnation proceeding commenced prior to the Close of Escrow of which Seller obtains actual knowledge. If any such damage or proceeding relates to or may result in the loss of any material portion of the Property, Buyer may, at its option, elect either to: (i) terminate this Agreement, in which event neither Party shall have any further rights or obligations hereunder, or (ii) continue this Agreement in effect, in which event upon the Close of Escrow, Buyer shall be entitled to any compensation, awards, or other payments or relief resulting from such casualty or condemnation proceeding up to the amount of the purchase price, with any amounts exceeding such purchase price to be returned to Seller.

17. Notices. All notices or other communications required or permitted hereunder shall be in writing, and shall be personally delivered, delivered by reputable overnight carrier, sent by certified mail, postage prepaid, return receipt requested, or sent by telecopy, and shall be deemed received upon the earlier of (i) if personally delivered or delivered by overnight courier, the date of delivery to the address of the person to receive such notice, (ii) if mailed, two (2) business days after the date of posting by the United States Post Office, (iii) if given by telecopy, when sent. Any notice, request, demand, direction or other communication sent by telecopy must be confirmed within forty-eight (48) hours by letter mailed or delivered in accordance with the foregoing.

ADOPTED ON SEP 08 1998

WHEREAS, the parties desire to enter into this Development Agreement relating to the above-described real property in conformance with the provisions of the Government Code in order to achieve the development of private land uses together with the provision of public services, public uses, and urban infrastructure all in the promotion of the health, safety, and general welfare of the City of San Diego; and

The environmental effects of development permitted pursuant to the agreement were addressed in Master Environmental Impact Report No. 96-7918, which has been certified by the City; and

WHEREAS, because of the complexities of financing the urban infrastructure, certainty in the development process is desirable. The phasing, timing and development of the public infrastructure including, but not limited to, parks, libraries, fire stations, transportation facilities, sewer and water facilities, other utilities, and open space maintenance necessitates a significant commitment of resources, planning and effort by property owners and the City in order for the public facilities financing to be successfully completed. Accordingly, in return for the participation and commitment to provide a pro rata share of public facilities and the significant contribution of private resources for public purposes, the City in return desires to make a commitment for certainty in the development process; and

WHEREAS, pursuant to the terms of the Development Agreement, Owner will provide substantial public improvements and benefits to the City including participation in the public facilities financing plan for Subarea III in the North City Future Urbanizing Area. In consideration of the public improvements and benefits to be provided by Owner pursuant to the Development Agreement, in consideration of Owner's agreement to finance public facilities, and in order to strengthen the public planning process and reduce the economic costs of development, by

the Development Agreement the City intends to give Owner assurance that Owner can proceed with the development of the subject property for the term of the Development Agreement pursuant to the Development Agreement; and

WHEREAS, on June 25, 1998, the Planning Commission of The City of San Diego, after giving notice pursuant to Government Code sections 65854, 65854.5, and 65856, and San Diego Municipal Code section 105.0103 held a public hearing on the application for the Development Agreement; and

WHEREAS, the Council of The City of San Diego, after providing public notice as required by law, held a public hearing on Owner's application, wherein all persons desiring to be heard were heard, and pursuant to said public hearing the Council recommended approval of the Development Agreement; and

WHEREAS, the Council finds that the Development Agreement is consistent with the Progress Guide and General Plan and the North City Future Urbanizing Area Framework Plan, as well as all other applicable policies and regulations of The City of San Diego; and

WHEREAS, the Council has reviewed and considered the Development Agreement and determined the content of the Development Agreement to be complete and correct; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. The Council finds and determines the facts stated above to be true.

Section 2. The Council further finds with respect to the Development Agreement that:

A. It is consistent with the objectives, policies, programs and uses specified in the Progress Guide and General Plan and the North City Future Urbanizing Area Framework Plan.

B. It will not be detrimental to the public health, safety and general welfare.

C. It will promote the orderly development of property or the preservation of property values in accordance with good land use practice.

Section 3. The Council hereby approves the Development Agreement, a copy of which is on file in the office of the City Clerk as Document No. OO- 18571, and authorizes and directs the City Manager to execute said Development Agreement in the name of The City of San Diego not later than 15 days following the effective date of this ordinance. Failure of Owner to execute the Development Agreement within 30 days, shall render this action null and void. The City Clerk is directed to record said Development Agreement and this ordinance with the County Recorder of San Diego County within ten days after its execution.

Footnotes to Transportation Phasing Plan:

- <sup>1</sup> Before development is authorized in each phase, the improvements listed in the right column must meet one of the following conditions to the satisfaction of the City Engineer:
  - a) Improvement must be completed and open to traffic.
  - b) Improvement must be under contract.
  - c) Improvement must be bonded.
  - d) Improvement must be scheduled for construction in the City CIP for the year in which building permits are requested.
  - e) Improvements must be programmed for construction in the STIP for the year in which building permits are requested.
- <sup>2</sup> It should be noted that this plan is intended to serve as a guideline for the sequential development of street improvements. Because the geographic order of development is not certain, it will be necessary to regularly review and revise this phasing plan in order to reflect the current land development proposals and actual trip generation rates and trip distribution.
- <sup>3</sup> The 650 equivalent dwelling units include a maximum of 50 EDUs for the administrative facilities of the private high school.
- <sup>4</sup> The Transportation Phasing Plan assumes that State Route 56 will be implemented as shown in this Public Facilities Financing Plan. If for any reason, the implementation of State Route 56 is delayed, traffic thresholds and required improvements will be as described in the Alternative Transportation Phasing Plan, pursuant to paragraph 2, on page 119, of the Traffic Study Report entitled, "Transportation Analysis for the Future Urbanizing Subarea III," dated March 31, 1998.
- <sup>5</sup> Right-of-way is assured to the satisfaction of the City Engineer by either of the following:
  - a) Acquisition
  - b) Successfully entering into a purchase agreement, or by
  - c) Initiating the condemnation process.
- <sup>6</sup> This requirement is to be satisfied at the commencement of this phase, i.e. 1,900 DUs for Phase III.
- <sup>7</sup> The Transportation Phasing Plan contained in the Traffic Study Report, cited in the footnote 4 above, inadvertently refers to Carmel Valley Road between SR-56 and the intersection of Del Mar Heights Road as Camino Santa Fe. It has subsequently been determined that the northerly limits of Camino Santa Fe will terminate at SR-56.
- <sup>8</sup> The amount of development approved for each phase of the Transportation Phasing Plan is not cumulative. To determine the cumulative total, one must add the amounts shown in each phase of the plan.

### Footnotes to Transportation Phasing Plan:

- <sup>1</sup> Before development is authorized in each phase, the improvements listed in the right column must meet one of the following conditions to the satisfaction of the City Engineer:
  - a) Improvement must be completed and open to traffic.
  - b) Improvement must be under contract.
  - c) Improvement must be bonded.
  - d) Improvement must be scheduled for construction in the City CIP for the year in which building permits are requested.
  - e) Improvements must be programmed for construction in the STIP for the year in which building permits are requested.
- <sup>2</sup> It should be noted that this plan is intended to serve as a guideline for the sequential development of street improvements. Because the geographic order of development is not certain, it will be necessary to regularly review and revise this phasing plan in order to reflect the current land development proposals and actual trip generation rates and trip distribution.
- <sup>3</sup> The 650 equivalent dwelling units include a maximum of 50 EDUs for the administrative facilities of the private high school.
- <sup>4</sup> Right-of-way is assured to the satisfaction of the City Engineer by either of the following:
  - i. Acquisition
  - ii. Successfully entering into a purchase agreement, or by
  - iii. Initiating the condemnation process.
- <sup>5</sup> This requirement is to be satisfied at the commencement of this phase, i.e. 1,900 DUs for Phase IV.
- <sup>6</sup> The Transportation Phasing Plan contained in the Traffic Study Report, cited in the footnote 4 above, inadvertently refers to Carmel Valley Road between SR-56 and the intersection of Del Mar Heights Road as Camino Santa Fe. It has subsequently been determined that the northerly limits of Camino Santa Fe will terminate at SR-56.
- <sup>7</sup> The amount of development approved for each phase of the Transportation Phasing Plan is not cumulative. To determine the cumulative total, one must add the amounts shown in each phase of the plan.
